

Dear Sir/Madam,

We are writing to support Shaurya International School, Jammu request to partner with your school on activities under the Recognition of International Dimension in Schools (RIDS) programme in India.

RIDS programme has evolved from the British Council's global International School Award (ISA) programme which was active in 31 countries worldwide and is currently being delivered in the UK, Greece, and Nigeria. In India, ISA ran from 2003 to 2020, reaching over 4000 private and government schools. RIDS has relaunched in India this year.

This programme rewards schools committed to embedding international awareness within their curriculum. One of the main activities for the school is to collaborate with partner schools abroad to enhance the educational experience for students on both sides. This collaboration will include joint projects/activities that promote cross-cultural understanding and global citizenship. We believe that this partnership between both schools holds immense potential to enrich the educational experience, create innovative learning opportunities, foster cross-cultural connections, and build a stronger community of learners.

Thank you for considering this recommendation. Please do not hesitate to reach out to Shaurya International School if you require any further information or have any questions.

Regards,

**Duncan Wilson**  
**Managing Director**
